March 16, 2020

This is a message from **THE BROADWAY NEIGHBOURHOOD CENTRE - Board of Directors, the Executive Director- Lawrence Mulhall and the BNC Team**. We have decided to serve you best, we must keep you safe. For that reason, we have cancelled **all programming** effective **March 16th** until further notice. With the community's best interest in mind, we feel that our actions today will have a potentially significant impact on reducing the risk of COVID-19 spreading in our community.

Our Prime Minister and medical experts have been advising **social distancing** and reducing any non-essential public interactions. As much as we would love to see you in the facility, we want to respect the guidance of Manitoba Health professionals. The health and safety of our participants and their families is of utmost importance to us and we are currently following the guidance of Health Canada, the Government of Manitoba and Centers for Disease Control and Prevention.

Our ultimate goal is to assure you and our staff team all remain healthy. As a community let's help reduce the risk to our neighbours, children, parents and grandparents from the spread of COVID-19.

Please consider the important role of all our health professionals who risk their own health every day to take care of us. Our actions today will help reduce the burden on our healthcare system during this time.

More information will be shared with you as it becomes available. We ask for your patience and support during this time. Please feel free to give us a call if you would like to discuss this further, this week we can be reached at 204-772-9253 or regularly through email at infothebnc@gmail.com or spatch600@gmail.com.

Be kind to one another, stay safe and we will get through this!

Warm regards,

Lawrence 'Spatch' Mulhall
Executive Director
